EDUCATION

London School of Economics | London, UK

Sep 2024 – Sep 2025

MSc Political Science and Political Economy

Distinction (75.2%) – 2nd out of 45 students

- Focus on econometric and methodological training (Applied Regression; Causal Inference; Longitudinal Data Analysis), game theory, and topics such as inequality, corruption and taxation, amongst other key issues in political science, political economy, and economics.
- **Dissertation** (77, 2nd best in MSc PSPE) investigating how social networks moderate the causal effect of corruption revelations on behaviour (exam cheating) using large administrative datasets. Supervised by **Prof. Sarah Brierley** – LSE.

University of Manchester | Manchester, UK

Sep 2021 – Jun 2024

BSocSc (Hons) Politics and International Relations

Obtained: 2:1 (67.5%)

- Focus on international political economy, international development, and behavioural public policy, with a regional focus on Western Europe and Latin America.
- First class (76%) honours for quantitative research dissertation focused on global determinants of corruption. Supervised by **Prof. Jack Bailey** – University of Manchester.
- Acted as Student Ambassador, Peer Mentor and Representative to support degree's 500+ students.

EXPERIENCE

PUBLIC, a Solita company – **Associate** | London, UK

Jan 2026 – Ongoing

- Crafted the UK's first guidebook on agentic evaluation workflows and AI-powered capability building, leading internal *innersource* projects incorporating AI into existing workflows.
- Designed methodology and created monitoring and evaluation dashboards for central government innovation and financing programmes with PowerBI, RShiny, and SQL, improving decision-making processes.
- Evaluated the world's largest national transport digital twin programme (£47m), providing evidence and recommendations on data sharing infrastructure, government venture capital, crisis resilience, and regional digital twins to inform future policy and investment decisions.

Afi – Public Finance and Policy Evaluation Intern | Madrid, ES

Sep 2025 – Dec 2025

- Supported Public Expenditure Review for a national finance ministry, performing comparative functional budget analysis and benchmarking PPP ecosystems and decentralization frameworks to draft policy recommendations for this World Bank-funded project.
- Evaluated entire municipal ordinance corpus for major European city to identify regulatory opportunities, benchmarking European best practices, and developing recommendations for innovative climate policies and financing mechanisms, currently under municipal review.
- Evaluated European public development bank's €150M+ SME loan programme, building firm-level panel database with corporate financial data, and estimating performance ratios to assess causal effects on firm productivity and competitiveness for 500+ companies, informing future lending strategy.
- Delivered ESG risk assessments for 100+ companies for banking client, and researched co-financing options (VC/PE) for urban innovation initiatives.

Broadpeak Advisory AG – Policy Analyst | Zurich, CH *Sep 2024 – Sep 2025*

- Conducted research and analysis on international development, finance and technology topics, later published as multi-part analytical reports reaching 50,000+ unique readers across multiple **platforms**, covering regulations, impacts, and governance mechanisms.

Andalus Committee – Vice President | London, UK *Sep 2024 – Aug 2025*

- Led creation of **LSE branch**, managing 50+ members across editorial and events teams, ensuring long-term financial sustainability, project delivery (12 academic-level reports) and event coordination (speaking at **Mexican Senate**; Spanish and French Ministries of Foreign Affairs; Saudi, Brazil, Chile and Ethiopian embassies amongst other high-profile **events**).
- Coordinated with global executive team to identify high-potential areas for expansion, including new branch development in Latin America, Asia and Africa; sponsor acquisition; and competitive professionalisation (i.e., compliance, funding, constitution-building).

Polis Analysis – Associate Analyst | London, UK *Nov 2023 – Sep 2024*

- Produced weekly, data-driven UK Intelligence Briefing for 3,000+ subscribers, increasing click-through rate by 50%; collaborated in partnership outreach, short-form content, and editorial duties.

SpeakUp MCR – Project Leader | Manchester, UK *Apr 2023 – Jul 2024*

- **Volunteering project** teaching ESL to immigrant parents; Highly Commended by University of Manchester.
- Collaborated with fellow Project Leaders to oversee volunteering project management, establishing partnerships with four schools while fostering open and collaborative intercultural teams.

Cowry Consulting – Student Research Project | London, UK *Jan 2024 – Apr 2024*

- Researched and designed effective cost-of-living support policy reform for global bank using behavioural science; coordinated with University of Manchester.
